What's New at East Pennsboro Branch Library?

Maryann Haft – East Pennsboro Branch Manager

Spring is in the air and also at the library.

You may have noticed some changes in the way you access or receive information from the library. In January, Cumberland County Library Systems implemented a new software system that enables libraries to provide new and exciting features for patrons and users along with easy access to innovative products and services. This software provides innovative technology and allows for future growth and development.

We have also made some cosmetic changes to the library to maximize space and enhance your library experience. These changes are part of a series of improvements planned for the future.

Be sure to view the library's list of activities including Mrs. B's spring story times, bingo for books, and stories and crafts with the girl scouts. We are also getting ready to 'Fizz, Boom, Read!' at the library as we plan the summer reading program.

Want to learn how to download your books to a Kindle, iPad, iPhone, Kindle or other device? The library has a program for that. And don't forget about our quilling and knitting/crochet monthly programs.

There's always something going on at the library. Be sure to visit our website at www.eastpennsborolibrary.org for the latest list of activities at East Pennsboro.

Thanks to all who contribute to the library in any and every way.

Happy Spring!

See you at the library!
