## NEWS FROM BOSLER MEMORIAL LIBRARY

### National Estate Planning Awareness Week

*October 15-21*

Do any of the following statements sound like you?

- "I'm too young to do estate planning."
- "All my property is titled in joint tenancy with my spouse so I don't need a will."
- "Estate planning is only for the super-rich."

### In This Issue

Estate Planning

Hope Station

Music at Bosler

Yarn Bomb

Upstairs Stitches

Celebrate the Book Week

- "Estate planning is too complicated and expensive."
- "Doesn't the government provide for that?"
- "We did our wills right after we got married 30 years ago and see no need for further planning."

If so, it's probably time for you to get some advice on estate planning. There are few things more important than getting your plans in place before it's too late.

If you don't already have a financial advisor, the National Association of Estate Planners and Councils is available to help connect you with a professional to guide you through the process. You can view their website to search for an [Accredited Estate Planner®](#) (AEP®) or [Estate Planning Law Specialist](#) (EPLS) designation holder in your area.

## New Partnership with Hope Station

Bosler Memorial Library recently began a new partnership with Hope Station as part of their after school program. Every Thursday, Bosler staff visit Hope Station in Carlisle's Memorial Park neighborhood to provide activities to enhance the area children's learning on subjects including math, science, world cultures, music and art. At the end of the school year, the young people will come to Bosler Library to present the books they have written over the course of the year.

## Music at Bosler presents Circus No. 9

*October 26, 7:00 pm*

*Music at Bosler* saw one of its biggest audiences ever when Circus No. 9 performed here in 2017. Now, we bring

you another chance to hear this progressive bluegrass band from East Tennessee perform next Friday, October 26 at 7:00 pm.

This group of five world class musicians includes Colin Hotz, Michael Testagrossa, Rockygrass mandolin champion Thomas Cassell, national banjo champion Matthew Davis, and Angel Edgemon. The group was formed to introduce a new type of bluegrass music, mixed with traditionalism, progressivism, and jam music. While certainly playing in their own style, Circus No. 9 pulls influence from Bill Monroe, the Punch Brothers, the Infamous Stringdusters, New Grass Revival, and Phish.

*The October Music at Bosler concert is sponsored by F&M Trust.*

## **Bosler Gets Yarn Bombed!**

Thanks to some very creative and dedicated volunteers, Bosler Memorial Library is now decorated with a myriad of yarn creations all around the outside of the building.

The yarn bomb project was led by Bosler's Upstairs Stitchers, downstairs crafting group in conjunction with the Celebrate the Book Week committee. Volunteers spent several hours early Saturday morning wrapping their knitted and crocheted creations around building columns, bike racks, wheelchair ramps, book drops, and more.

Come check out this unique art display before it gets taken down later in the month.

## Upstairs Stitchers, downstairs

*Tuesdays, 6:30-8:30 pm*

Are you an avid stitcher, or have you ever wanted to learn? Stop by and join the Upstairs Stitchers, downstairs to work on your current project or to learn something new. Anyone may join with no obligation. It's just a group of people sharing their passion for crafting. No registration necessary.

# Celebrate The Book Week!

**Bosler Library Comic Con!**

Bosler held its annual comic con on Saturday, October 13th. Attendees played Dungeons and Dragons, got their faces painted, took photos, searched for Pokémon and much more.

## Restoring Native Plants

November 1, 6:30 pm

Did you know that native plants need to see a winter before they germinate? Did you know that burning has a very positive effect on the health of the plant system? Burning also decimates aggressive aliens, like honeysuckle.

Come and learn more about native plants and the process needed to restore them by industry expert Dr. Harold Gardner.

Dr. Gardner was a research biochemist before retiring. After retirement he spent years writing a book about prairie restoration in the midwestern and eastern United States. He has given talks throughout this region at Native Plant societies.

## New Databases from POWER Library

**InfoTrac Newsstand** is a full-text newspaper resource that provides more than 2,300 major U.S. regional, national, and local newspapers, plus leading titles from around the world. It also includes thousands of images, radio and TV broadcasts, and transcripts. [Click here](#) to access this database.

For other useful resources available for free through the library system, go to [www.cumberlandcountylibraries.org](http://www.cumberlandcountylibraries.org), find the "Collections and Services" tab in the blue top menu bar, and select "Databases" from the drop-down menu.

## United Way Day of Caring

Last Friday, twelve volunteers from F&M Trust swarmed the Bosler Memorial Library to help put a shiny new face on the building, as we prepare for our full slate of October events! The volunteers were part of the United Way's annual Day of Caring. Day of Caring is an

opportunity for people to donate a morning to assist local non-profit organizations, like the library, with work projects and to learn more about the needs of the Carlisle area's human service organizations.

This year, our crew from F&M Trust dusted every shelf in the building, washed windows, scrubbed toys, and even helped pull some of the over-loved books from the picture book bins!

Be sure to stop in during Celebrate the Book Week, October 19 - 27, to enjoy all of the fantastic programs and events we have lined up in our newly sparkling spaces! There are programs for kids and adults, and a special day this year for teens! Check out the full program booklet here.

## **Bosler Buzz**

*A new way to connect with our community*

As part of our mission to reach out to the Carlisle community, we've decided to add more fun into the mixture. The result is our new web show called *Bosler Buzz*. *Bosler Buzz* will be available to stream the first Tuesday of every month through our Facebook page. It will also be available on our YouTube page, Bosler Library.

Check out the October episode, which features an interview with young author Elizabeth Forrester and also highlights the upcoming Celebrate the Book Week, our Pop-Up Art Studio, and more! The November episode will be showing on November 6 at 5:30 pm.
