Found in the Library!

Venture around the Library in our "World at War" tour. On September 1, 1939, Germany invaded Poland, which sparked World War II. Here at the library, we have uncovered some fascinating and somber facts about the war. Plan a visit to the library, explore our shelves, and find some of those facts for yourself!

Children's Learning Garden Update

At long last, all of the major construction components of the Marjie and Don Mowery

Children's Learning Garden at Bosler are now finished! The last two pieces were the installation of the glass doors to the programming porch and the fencing and rear gate. What remains to be installed are the musical instruments, murals, life collection cases, decorative window panels, and donor recognition signage, as well as the final inspection. Until everything is completed and in place, the garden area will remain closed to the public. Thanks to everyone who donated to this exciting project! We hope to begin programming in the new space next spring.

This project is funded in part through a grant from the County of Cumberland.

Jean Foschi, Commissioner Vice Chair
