Digital Edition

Learn about pollinators with our current exhibit, *Pollination Investigation*, on display in the front lobby until April 3. This exhibit explores the essential role that pollinators play in the natural world. Through "pollinator profiles" you can learn about different pollinators, from butterflies and hummingbirds to bats and the wind.

Pollination Investigation was created by Smithsonian Gardens in collaboration with the National Museum of Natural History and made available by the Smithsonian Institution Traveling Exhibition Service. It is funded in part by the Smithsonian Women's Committee.

Teen Murder Mystery Party (13 to 17 years old)

Teens, ages 13 to 17, are invited to join us for this special Murder Mystery Party! You have received an invitation to a raven party at the Poe Mansion in the gloomy crime-ridden city of Wraith's Cove. The town gossips are chattering about the disreputable people on Eddie Poe's guest list. What could Eddie be thinking? Could it be that Eddie has finally gone mad? It appears that at least the Poe Mansion's in dire need of assistance. Ever since Eddie's housekeeper quit, the estate is in shambles. Nevertheless, you are intrigued by the thought of a Gothic dinner party held in honor of a fiendish bird – even if the group of ruffians may cause chaos. Chaos can be fun sometimes, right? This is where your story begins...

Registration is required, register for Teen Murder Mystery Party.
