

The Growing Learner's Library

Spring 2024
Program Guide

Welcome to the Growing Learner's Library

The Growing Learner's Library Program Booklet is published in the spring and fall of each year. It contains information about the exciting activities for you and your family at the Library. Please keep the following in mind as you plan your library visits:

- **Youth Services programs are designed for attendance by both children and their adult parent/caregiver. Please be prepared to stay and enjoy the program with your child. Our attended child policy requires a parent, guardian, or caregiver to accompany children under the age of 12 at all times.**
- We understand that learning is not linear. Our program room is a safe learning space where children are respected for who they are and where they are at in their learning journey. We welcome you no matter what your journey looks like and expect all families in our programs to do the same.
- When registering for programs that run for multiple weeks (indicated in the booklet), you are registering to attend each week of the program.
- If you register for a program and discover that you cannot attend, please contact the Youth Services Department at (717) 243-4642, ext. 2231 to be removed from our registration list so that others on the waiting list can attend. For multiple class programs, your children will get the most out of the program if they attend all of the classes. If you find you are unable to attend at least three or more of the classes, please consider registering at another time.
- We understand that sometimes a child needs a break. Please feel free to step out of a program if necessary and rejoin us later.
- Please be advised that the Library sometimes photographs group programs for use in the Library's publications and advertisements. Photos are the property of Bosler Memorial Library. If you would prefer not to appear in any group photo taken by the Library, please advise your program leader prior to the event.

Program Spotlights

Play and Learn Groups: In this partnership with United Way's Success by Six Initiative preschoolers and their caregivers are invited to join our school readiness Play and Learn Groups. Play and Learn groups bring children and caregivers together to participate in a variety of preschool activities. Each session focuses on a theme for the day. Children will participate in songs, movement, read-alouds, and hands-on activities centered on that theme. Children will receive a new book and extension activity to take home at the end of each session. This is also a time for caregivers to learn something new! For ages 3 to 6 years. Registration for each group is required. Please note registration for these sessions fills up quickly, please note the registration start dates listed in the booklet.

Top Secret: In partnership with the Dickinson College Trout Gallery this program gives kids ages 5 to 8 the opportunity to hear great stories and explore objects in the Trout Gallery. This program starts at the Bosler Memorial Library on the first Saturday of each month at 10:30 am. After a story at Bosler, the participants take a walk over to the Trout Gallery to explore mystery objects contained in the vaults. To reserve space please email Hadley D'Esopo at desopoh@dickinson.edu.
