Bosler Memorial Library
Empowering Lifelong Learning
Welcome to the 2022 SummerQuest. During the summer months children risk losing up to two months of learning from the previous school year. Continued reading and learning experiences during the summer months is the most effective way for children to avoid suffering from what researchers call the “summer slide.” It is critical that children continue the learning process throughout the year. Bosler Memorial Library’s SummerQuest is a FREE and fun way to ensure that children experience quality reading and programming opportunities.

I want to thank all of the children who are going to be joining our program and committing to reading and learning throughout the summer. You are an inspiration to us all.

Parents, thank you for taking the time out of your busy schedules to make continued reading and learning during the summer months a priority in your home. The educational benefits are crucial to lifelong learning and school success.

Teens and adults, you are models for our children by showing them that reading is an enjoyable and important experience. Thank you for sharing your love of reading and lifelong learning.

Please take a moment to look at the list of our SummerQuest sponsors on page 17. Without them this program would not be possible. If you have the chance, please thank them.

Have a great summer, participate in the SummerQuest, and visit us often!

Join SummerQuest and be a part of a community of learners, because at any age, and at any stage, reading and lifelong learning are a part of a healthy, happy, and vibrant life!

Who can Join
Bosler’s SummerQuest is open to all ages! We have special prizes for kids, teens and adults!

How to Join
Register online at https://boslerlibrary.beanstack.org. You can also register by stopping at any of the library’s service desks and filling out a paper registration form.*

What to Do
READ! Read books, picture books, graphic novels, magazines. You can even listen to audiobooks! Each time you read, log the number of minutes you read (or use the special Beanstack Tracker App which logs it for you). As your minutes of reading accumulate, you will earn badges which come with special prizes.

Parents: Don’t forget that reading to your child (or with your child) can also be counted (for you and your child), no matter how young they are. After all, time shared reading together and to one another is as valuable as reading alone.

BUT WAIT, THERE’S MORE!

In addition to logging your reading, you can also log activities! Activities will earn additional badges. A full list of available activities and how to complete them is listed in your SummerQuest account at https://boslerlibrary.beanstack.org under “Activity Badges.” A paper list is also available for pick-up at the Library.*

What’s the Outcome?
The more reading and activities you complete, the more badges you will earn, which means more prizes!

For Kids (ages birth through 12) each badge you earn comes with a reward of coins, which can be redeemed at the Youth Services Desk for prizes!
For Teens (13 through 17) each badge earns more opportunities for our weekly and grand prize drawings!
For Adults (18+) each badge will reward tickets that be used to enter the drawings of your choice!

A list of all available prizes will be listed on https://boslerlibrary.beanstack.org when the SummerQuest begins on June 1.

Note: Adults and Teens may win in more than one of the drawings. Being a winner in one of the drawings does not disqualify adults from winning in another drawing or grand prize, as long as they have used tickets to enter the drawing.

*To get the most enjoyment out of our SummerQuest, we recommend using the online platform as opposed to paper forms. We will have computer logging stations set up around the Library for you to log your reading and activities.
