

“I have two STAR clients that are residents at Manor Care. Due to the pandemic, I have not been permitted to stop by or send books to them these days. But, I had two Facetime sessions with them that were very rewarding to us all. It was really fun seeing them, and I could tell they enjoyed it. Sharing the love of reading is a common bond that so many people have. I highly recommend it to other STAR volunteers who are able to do this.”
