

## Turning the Page

“During the 30 years that my husband served in the U.S. Navy, our family moved 17 times, and the first thing I did in a new city was go to our local library to get a library card. When my husband retired and we moved to Carlisle, one of the ‘requirements’ for our new house was that it had to be within walking distance of Bosler Library. I urge everyone in our community to understand how important free access to books, DVDs, and CDs for all ages is and to support our libraries in any way that we can.”
