INDEPENDENT AUDITOR'S REPORT

Board of Directors
Cumberland County Library System
Carlisle, Pennsylvania

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities and each major fund of Cumberland County Library System as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise the Library System's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the Cumberland County Library System as of December 31, 2015, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Cumberland County Library System's 2014 financial statements, and we have expressed unmodified audit opinions on those audited financial statements in our report dated July 6, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014 is consistent, in all material respects, with the audited financial statements from which it has been derived.

OTHER MATTERS

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 13, and budgetary comparison schedule – general fund on page 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Library System's basic financial statements. The detailed budgetary comparison schedule – general fund is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The detailed budgetary comparison schedule – general fund is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

CUMBERLAND COUNTY LIBRARY SYSTEM

Management's Discussion and Analysis

December 31, 2015

This Management Discussion and Analysis (MD&A) of the Cumberland County Library System's financial performance provides an overview of the Library System's activities for the fiscal year ending December 31, 2015. The MD&A also includes a comparison of current year financial activities to the previous year.

1) CUMBERLAND COUNTY LIBRARY SYSTEM BACKGROUND:

The Cumberland County Library System headquarters' mission is to plan, develop, coordinate and provide comprehensive public library services for residents through a cooperative network of eight public libraries that includes seven members and one branch facility.

The Library System serves residents of Cumberland County and three municipalities in Franklin County. It provides residents or real property owners of Cumberland County and the Shippensburg Area School District with a library card that may be used to borrow materials from any Cumberland County public library at no charge. The System's member libraries include Amelia S. Givin Free Library, Bosler Memorial Library, Cleve J. Fredricksen Library and its East Pennsboro Branch, John Graham Public Library, Joseph T. Simpson Public Library, New Cumberland Public Library and Shippensburg Public Library.

The library system headquarters is an independent agency of Cumberland County government that is designated to provide library services. In accordance with the Pennsylvania Library Code, the County Commissioners appoint a Library System Board to administer the agency. One County Commissioner serves as a liaison to the Library System Board.

The Library System Board has exclusive control of Cumberland County library tax funds and funds received from Commonwealth Libraries. These funds, and any other funds appropriated for library services, are disbursed under the direction of the Library System Board for the establishment or maintenance of library services.

The library system headquarters is not considered a component unit of County government operations. Thus, the library system headquarters is audited independently from County government operations and member library operations. Each Cumberland County Library System member library is independently governed and audited.

The System also has an independent Cumberland County Library System Foundation that is a non-profit, tax-exempt organization. The Commissioners make one appointment to this board.

Overview of 2015 Activities

In 2015, the library system headquarters' significant initiatives included:

1. **County Strategic Partnership Agreement:** The Library System engaged in a consensus building process with the Cumberland County Commissioners in order to define its role as an independent county wide agency as well as county government's library service priorities. A series of three public fact-finding sessions were held. A fourth meeting was a public round table discussion for Library System Board members and the County Commissioners to discuss and begin to reach agreement regarding recommendations for

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

future library service priorities and funding strategies. Those discussions ultimately resulted in the Library System Board and the Cumberland County Commissioners signing a Memorandum of Understanding in October 2015 to establish a strategic partnership between the Library System and Cumberland County government.

The Memorandum of Understanding (MOU) affirms the:

- Library System Board's role as a county wide asset and county wide service provider of Cumberland County; and
- Cumberland County Board of Commissioners' role as a strategic financial and planning partner of the CCLSB.

It identifies:

- Strategic areas of collaboration, responsibility and mutual support;
- Processes, procedures and conditions for each party to address and redress concerns and requests related to each other's performance of duties and fulfillment of obligations; and
- The method and metrics by which both parties will evaluate the performance of duties and fulfillment of obligations of one another.

It also delineates the importance of the Library System's county wide service roles in the areas of:

1. Childhood and Adult Literacy
 2. Information Technology / Digital Inclusion
 3. Financial Literacy / Health Literacy / Civic Literacy / Job or Career Development
 4. Lifelong Education / Entertain or Stimulate Imaginations
 5. Safe, Welcoming Community Gathering Spaces
2. **Cumberland County Libraries Continue #1 Statewide Ranking:** Citizens borrowed more than 2.5 million items in 2015 from Cumberland County's public libraries. On a per capita basis, the Cumberland County Library System remains the busiest county library system in Pennsylvania for the 17th consecutive year.
 3. **Reading Support for Young Children:** In 2015, children borrowed 997,700 items from Cumberland County's libraries. This was an average of 24 items for every child in the county. In addition, over 121,230 kids attended regular infant, toddler and preschool Storytime classes held throughout the year at libraries and 7,178 children registered for the annual summer reading program. (This is one out of three children who were learning to read in Cumberland County.)

An outcome-based survey of parents of children who participated found that:

- 85% of parents surveyed said that the summer reading program helped their child enjoy reading more.
- 77% of parents said that as a result of the program they planned to spend more time reading with their child.
- 74% of parents said that the program helped their child read books more easily.

CUMBERLAND COUNTY LIBRARY SYSTEM

Management's Discussion and Analysis

December 31, 2015

4. **Bridging the Digital Divide:** Citizens logged on to the library system's public Internet computers 176,361 times. This was a 21% increase from just 10 years ago. In addition, citizens used the library system's Wi-Fi services 227,259 times.
5. **Safe, Welcoming Gathering Spaces:** Nearly 1.2 million people visited Cumberland County's libraries in 2015. (This is more than the combined annual totals for Carlisle's 10 car shows, visitors to the Army Heritage Center and to Cumberland County's state parks.)

The Shippensburg Public Library also completed phase one of a major renovation project that added an elevator tower, new lobby and public service staff work area to the library. This project was funded (in part) by a Keystone Park and Recreation grant (\$500,000) that was awarded to Cumberland County on the library's behalf. System headquarters supported Shippensburg Library staff by providing information technology expertise, helping to withdraw all STAR large print material, compiling Keystone grant funds narrative and financial grant reports for Commonwealth Libraries, and managing grant funds on the county's behalf.

In addition to these 2015 initiatives, the library system headquarters continued to provide member libraries and the public with services in six key areas: 1) information technology; 2) collection services; 3) direct library services; 4) star outreach services to older adults; 5) training services for staff and board members; and 6) administrative and financial services.

Key Service Areas:

1. **Information Technology Services:** To make library and information services widely accessible to Cumberland County residents, the System Headquarters maintained a high-speed county wide library network. In 2015, the network was comprised of 320 computers, including 23 servers, 142 computers for the public and 153 computers for staff, plus associated printers, scanners and other peripherals. The distribution of this equipment was directly related to member library service levels — ranging from seventy-six computers at the system's largest library, Fredricksen, to nine at the system's smallest facility, East Pennsboro Branch.

The computer network provided the public with on-site and remote access to the library system headquarters' website, catalog, reference databases, circulation and services for the homebound. It also helped the System Headquarters and its member library staff work effectively and efficiently by providing Outlook email and calendar services, office productivity software, fund raising software and a website content management system. In 2015, the system's Public Internet computers were used 176,361 times and the library system's web site was visited more than 1,030,000 times — increases of 3% and 1% (respectively) from the prior year.

2. **Collection Services:** To provide library users with access to collections and materials, the System Headquarters provided its member libraries with acquisitions, cataloging, processing and bibliographic database maintenance services for newly purchased or donated library materials. Not only did this centralized service reduce costs for materials and supplies, it also reduced costs for member libraries to employ and train collection services staff. In 2015, 31,258 items were added to the Library Systems collections – an 11% increase from the previous year.

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

3. **Direct Library Services for the Public:** To provide library users with in-depth access to collections, materials and services, the Library System provided county residents and taxpayers with a library card, at no charge, to obtain county wide public library services, library material delivery services, reference databases and online services. Service development and improvements were coordinated through member library staff advisory groups that included member library directors, youth service librarians as well as staff from computer services, collection services, training services and outreach services. In 2015, the number of library card holders (94,944) increased 9% from the previous year.
4. **STAR Outreach Services for Older Adults:** To meet the library service needs of homebound adults, the Library System provided Cumberland County homebound adults with STAR services (Services to Adult Readers), at no charge. Through a county wide network of 90 volunteers, the Library System provided homebound readers with library materials, including large print, audiobooks, and video recordings. The library system headquarters also provided large print book deposit collections to 51 nursing homes, senior centers, assisted and independent living residences in the county. In 2015, the number of items borrowed (9,652 items) by homebound individuals declined 8%.
5. **Training Services for Staff and Board Members:** To meet the ongoing training needs of member library staff, the System Headquarters provided a system-wide training program for staff that emphasized technology skills. As part of its training program, it also maintained an Intranet website to support staff and board member activities. In 2015, 575 staff recorded 1,615 learning hours.
6. **Administrative & Financial Services:** Administrative and financial services fell into three primary areas: 1) library service planning, coordination & evaluation; 2) public relations; 3) finance.

2) FINANCIAL HIGHLIGHTS:

In 2015, the library system's total revenues were \$4,390,540, nearly the identical amount as the prior year. Its total expenditures were \$4,616,574, an increase of \$45,071 or 1% from the prior year. The change in net position was (\$226,034) as compared to (\$180,456) for the prior budget year, a 25% increase.

The fund balance as of December 31, 2015 was \$3,320,779 and was comprised of six components:

1. **90-Day Contingency Fund Balance of \$1,188,549:** The purpose of the 90-Day Contingency Fund is to have funds available to replace unexpected shortfalls in budgeted income or to meet unexpected, yet necessary, expenditures. For example, Commonwealth Libraries has sometimes delayed making state aid payments at the beginning of the calendar year; or due to cash flow issues, the County has sometimes delayed payment of anticipated library tax funds. When these occurrences result in the unassigned fund balance dipping below the defined minimum unassigned fund balance, the Library System Board can approve the use of contingency funds to replace state aid or county funds to ensure that the library system has sufficient funding to operate. Then, when the state or County payments is restored, the 90-Day Contingency Funds are replaced. The balance needed in this fund is based upon 90 days of average General Fund budgeted expenditures, including those amounts budgeted for member library distributions.

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

2. **Strategic Development Fund Balance \$1,152,997:** As agreed upon with the County Commissioners in July 2004¹, the purpose of the Strategic Development Fund is to yield income for the Cumberland County Library System's operating purposes or to strategically reinvest principle to 1) yield more funding; 2) produce new cost efficiencies; or 3) address critical deficiencies in library services. Any expenditures of the fund's principle must be approved by the Library System Board and be acceptable to the Board of Commissioners. The Library System Board anticipates drawing upon these funds over the next two years to offset projected deficits for library services.
3. **Technology Fund Balance \$112,499:** The Technology Fund is intended for the future upgrades to the library system's integrated library system server and software systems.
4. **Unassigned Fund Balance of \$858,155:** This fund is the residual classification for the general fund and includes all amounts not contained in any other classifications. Unassigned amounts are available for any purpose. The Unassigned Fund Balance amount was 19% of the system's total operating expenditures – an indicator of sound financial practices.
5. **Non-spendable Fund Balance of \$3,579:** This fund represents a contractual service pre-payment.
6. **Restricted Fund Balance of \$5,000:** This fund represents grant funds that will be expended in 2016 on a designated project.

3) DESCRIPTION OF THE BASIC FINANCIAL STATEMENTS:

The library system headquarters' annual audit report consists of a series of statements:

- a. *The Statement of Net Position and Governmental Fund Balance Sheet* — Provides details on the System Headquarters' assets, liabilities and net position, with a comparison to the prior year.
- b. *Statement of Activities and Governmental Fund Revenues, Expenditures and Changes in Fund Balance* — Provides details about the System's operating activities and changes in fund balance, with a comparison to the prior year.
- c. *Notes to Financial Statements* — Explains:
 1. Summary of significant accounting policies;
 2. Cash and cash equivalents and investments;
 3. Accounts receivable;
 4. Capital assets;
 5. Long-term liabilities;
 6. Fund balance;
 7. Related party transactions;
 8. Risk management;
 9. Commitments and contingencies;
and
 10. Restatement.

¹ As a result of the Cumberland County Commissioners' foresight in requesting that growth in the combined expenditure of Cumberland County library tax funds and Commonwealth of Pennsylvania Public Library Subsidy funds be limited to 5% or less per year beginning in 2004, the Library System Board had accumulated \$2,557,467 in its Strategic Development Fund six years later in 2010.

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

- d. *Budgetary Comparison Schedule - General Fund (Unaudited)* — Provides information on actual program and general revenues and expenditures as compared to budget.
- e. *Detailed Budgetary Comparison Schedule - General Fund* — Provides supplementary information that compares detailed budgeted and actual revenues and expenditures.

Change in Net Position	(226,034)	(180,456)		

5) ANALYSIS OF OVERALL FINANCIAL POSITION AND RESULTS OF OPERATIONS FOR GOVERNMENTAL ACTIVITIES:

The library system headquarters completed its fiscal year in a good financial position. At the close of December 31, 2015, its assets stood at \$4,573,983 compared to the prior year's \$4,832,028.

The library system headquarters completed the year with an Unassigned Fund Balance of \$858,155. This is 19% of the system's total operating expenditures or 2.25 months of regular general fund operating expenditures. The Government Finance Officers Association recommends a minimum of two months of regular general fund operating expenditures.² This would have been \$760,911 in 2015.

In addition, the library system headquarters had a fully funded 90-day Contingency Fund Balance of \$1,188,549. This committed fund balance includes not only the library system headquarters' 90-day operational cash needs, but also a cash reserve for 90-days of member library distributions.

Finally, the library system headquarters also had a committed Strategic Development Fund balance of \$1,152,997. As requested by the Cumberland County Commissioners in 2004, the Library System Board established this fund with the proceeds of any significant net funding increases from county and state public library subsidy funds during the period 2004-2014. These funds were to be used for three purposes:

- a. *Fully Fund Library System's 90-day Contingency Fund* — Accomplished in 2005.
- b. *Maintain Library Services* — The library system board has carefully stewarded the funds available for library services. Since 2004, the combined total use of Cumberland County Library Tax, Commonwealth of Pennsylvania Public Library Subsidy funds and Statewide Library Card Reimbursements was either increased or **(decreased)** by:

- (1) 2.88% in 2004;
- (2) 1.90% in 2005;
- (3) 0.23% in 2006;
- (4) 13.61% in 2007 (Note: The increase was the result of a 20% increase in Commonwealth of Pennsylvania Public Library Subsidy Funds.);
- (5) **(0.12%)** in 2008;
- (6) **(0.89%)** in 2009;
- (7) **(3.63%)** in 2010;
- (8) 5.18% in 2011 (\$80,288 was transferred to the operating fund from the Strategic Development Fund);
- (9) 4.18% in 2012 (\$265,000 was transferred to the operating fund from the Strategic Development Fund);
- (10) 2.17% in 2013 (\$310,027 was transferred to the operating fund from the Strategic Development Fund);
- (11) 2.03% in 2014 (\$400,000 was transferred to the operating fund from the Strategic Development Fund); and
- (12) 1.36% in 2015 (\$349,155 was transferred to the operating fund from the Strategic Development Fund).

² Gauthier, Stephen J., "GFOA Updates Best Practice on Fund Balance," *Government Finance Review*. December 2009, page 69.

**CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015**

- c. *Establish Strategic Development Fund* — The purpose of the Strategic Development Fund is to yield income for operating purposes, or to strategically reinvest principal to yield more funding, produce new cost efficiencies, or address critical deficiencies in library services.

The agreement also stipulates that while any income from the Strategic Development Fund may be used for operating purposes, expenditures from the fund's principal would be agreed upon by the Library System Board and the Board of Commissioners.

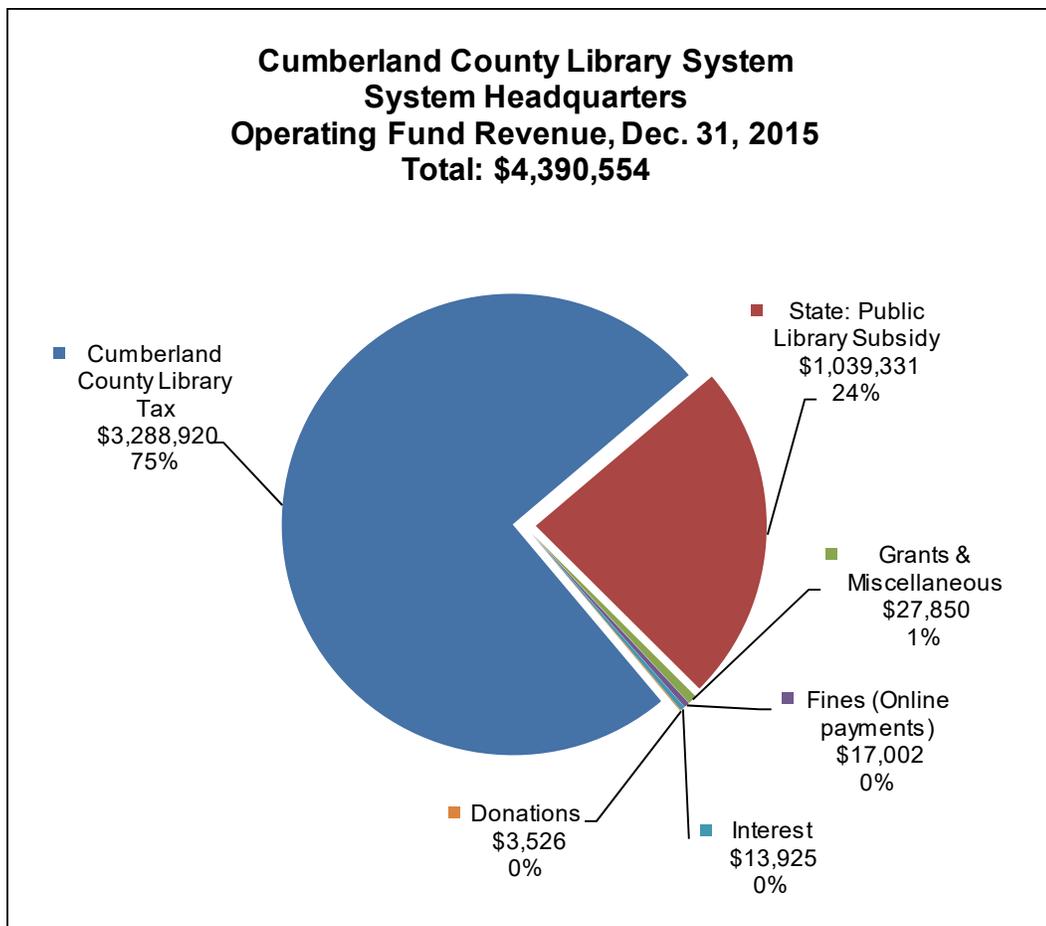

In 2011, the Commonwealth of Pennsylvania eliminated the Statewide Library Card Reimbursement program. This led to the Library System Board and the County Commissioners agreeing to begin making withdrawals from the Strategic Development funds to prevent a budget deficit for library services.

6) BUDGETARY ANALYSIS:

Revenues

Overall, the library system's total revenues were \$4,390,540, an amount nearly identical to the prior year. This was \$14,456 less than budgeted and was primarily due to:

- Cumberland County library tax receipts (\$4,371 less than budgeted); and
- Grants (\$11,250 less than budgeted).

CUMBERLAND COUNTY LIBRARY SYSTEM

Management's Discussion and Analysis

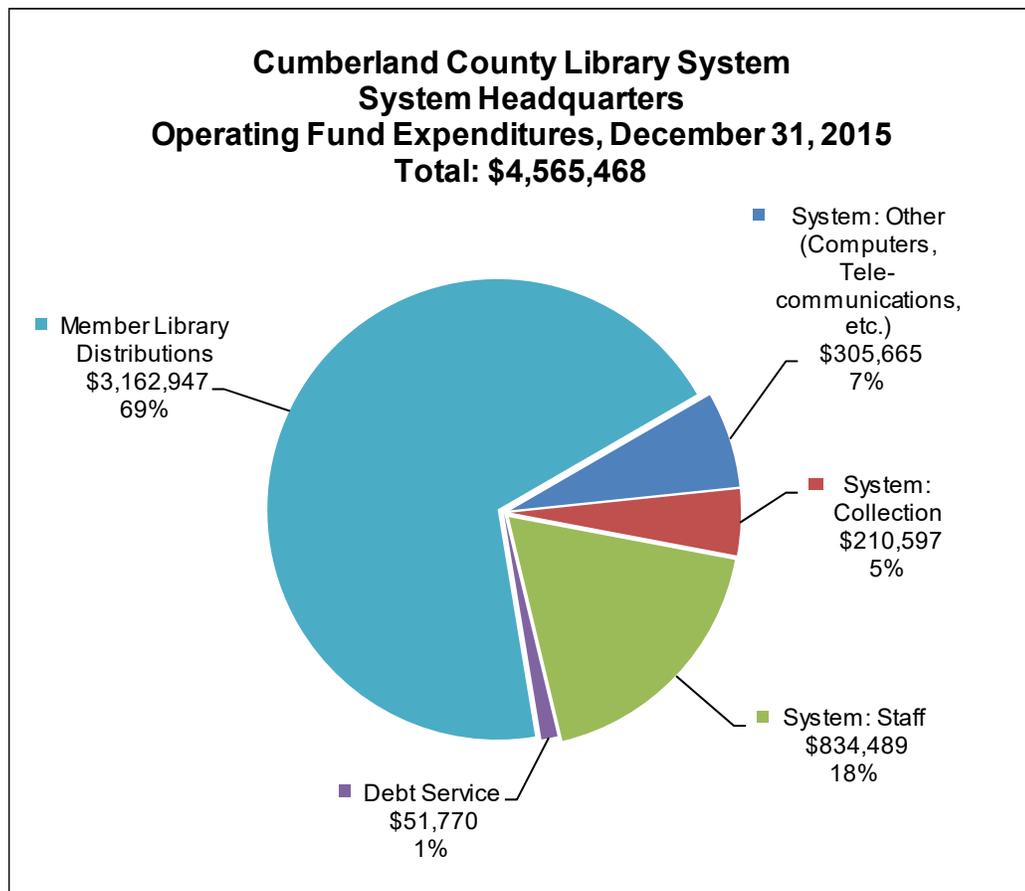

December 31, 2015

Expenditures

Overall, the library system's total expenditures of \$4,565,468, decreased \$75,251 or less than 2% from the prior year. Member library distributions of \$3,162,947 increased by \$43,905 or 1%.

The Library System's expenditures were \$180,785 less than budgeted. This was due to:

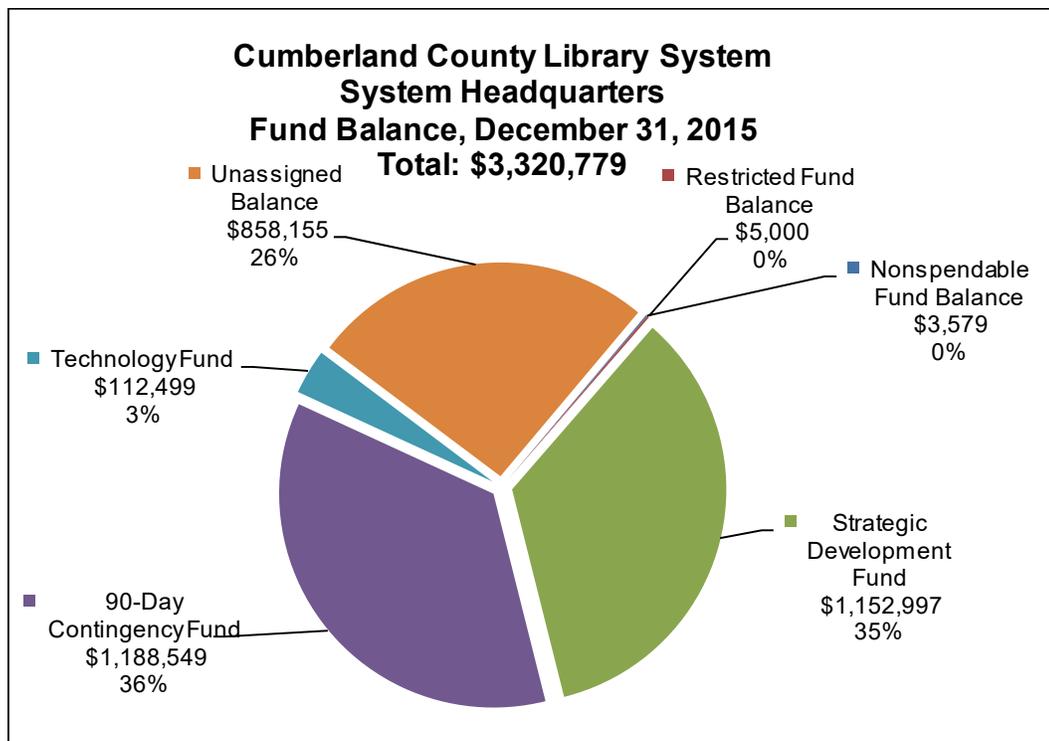

- Personnel costs were \$55,573 under budget due to unexpected staff vacancies;
- Collection expenditures were \$22,500 under budget due to lower than expected grant project expenditures; and
- Other operating expenditures were \$98,720 under budget due to lower than expected postage/delivery costs, software and hardware replacement costs.

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

Fund Balance

- The Library System Board transferred \$349,155 from the Strategic Development Fund, to fund a budget deficit in 2015. This was 8% of the Library System's 2015 operating revenue. It now has a balance of \$1,152,997.
- The Library System Board added \$7,096 to its 90-Day Contingency Fund so that it was fully funded. It now has a balance of \$1,188,549.
- The Library System Board did not use any Technology Funds. The fund now stands at \$112,499 and is expected to be used in the future for major upgrades to computer servers and software technology.
- The Library System carried over an \$858,155 Unassigned Fund Balance for its 2016 operating budget cash flow needs.
- The Library System also carried over \$8,579 restricted and non-spendable funds.

CUMBERLAND COUNTY LIBRARY SYSTEM
Management's Discussion and Analysis
December 31, 2015

7) CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY:

Total Capital Assets (net of depreciation) were \$1,095,934 at December 31, 2015. This was a \$73,045 decrease in total capital assets.

Capital Assets, Dec. 31, 2015 (net of depreciation)	2015	2014	Change
Exhaustible collection	\$ 20,111	\$ 20,663	\$ (552)
Property and equipment	1,075,823	1,154,654	(78,831)
Total Capital Assets	1,095,934	1,175,317	(79,383)

8) FACTORS BEARING ON THE SYSTEM'S FUTURE:

In 1986, a Cumberland County Library Tax was established by voter referendum at 1.5 mil. It was last increased by the County Commissioners in 2004. Currently set at .143 mil, it nets about \$3.2 million and may only be used for annual operations, not for construction of new building space. The County remits tax proceeds to the library system on a monthly basis. County Library Tax revenues are expected to grow less than 1.5% in 2016.

Public Library Subsidy revenues from the Commonwealth of Pennsylvania are expected to increase 1.3% in 2016.

In 2007, the Cumberland County Library System Foundation Board was incorporated as a separate entity from the Library System. It received federal non-profit 501(c)(3) status in 2007. The purpose of the Cumberland County Library System Foundation is to support the Cumberland County, Pennsylvania, Library System and its member libraries. In 2015, the Foundation received \$11,478 in gifts, donations and grants. This 72% decrease from 2014 was due to the state's delay in adopting a budget until December 2015. Educational Improvement Tax Credit funds were not available for most of 2015. Additional information about its activities may be found at: <http://cclsfoundation.org>.

In 2012, the Library System Board adopted a new five-year plan for county wide library services for the period 2013-2017. It identifies core services and audiences, financial strategies and technology plans. A copy may be found at: <http://cumberlandcountylibraries.org/plan>.

A copy of the Strategic Partnership Agreement with Cumberland County Commissioners is available at: http://www.cumberlandcountylibraries.org/Building_Consensus

9) QUESTIONS ABOUT THE LIBRARY SYSTEM'S FINANCIAL MANAGEMENT:

To provide additional accountability for the use of public tax dollars, the Library System files a comprehensive annual report with Commonwealth Libraries each year that reports various financial and service statistics. This document is available from Commonwealth Libraries in Harrisburg, or from the library system headquarters in Carlisle, PA.

If you have questions about this Management Discussion and Analysis, the Commonwealth Libraries annual report, or need additional information, contact the Cumberland County Library System at 1601 Ritner Highway, Suite 100, Carlisle, PA 17013 or by phone at (717) 240-6175.

CUMBERLAND COUNTY LIBRARY SYSTEM

Notes to Financial Statements

December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

Cumberland County Library System (the "Library System") was created by the County of Cumberland. The Library System has oversight responsibility and acts as a conduit for the distribution of funds to the public libraries located in the County of Cumberland. The Library System receives funding from federal, state and local governmental entities. All operations of the Library System are included in the reporting entity.

Reporting Entity

Governmental Accounting Standards Board (GASB) Statements define the criteria used to determine the composition of the reporting entity. These standards require that the reporting entity include (1) the primary government; (2) organizations for which the primary government is financially accountable; (3) organizations that are fiscally dependent on the primary government and a financial benefit or burden exists; and (4) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

The County of Cumberland has evaluated the Library System to determine whether the Library System should be included as a component unit of the County. The Library System is not considered a component unit of the County of Cumberland due to the fact the County is not entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the Library System.

The Cumberland County Library System Foundation was formed in 2007 for the purpose of supporting projects related to the Library System programs and the libraries of the Library System. The Foundation is not considered a component unit of the Library System for financial reporting purposes.

The Library System's member libraries (Amelia S. Givin Free Library, Bosler Memorial Library, Cleve J. Fredrickson Library, East Pennsboro Branch, John Graham Public Library, Joseph T. Simpson Public Library, New Cumberland Public Library, and Shippensburg Public Library) were evaluated for control by, or dependency on, the Library System to determine whether they should be included in the reporting entity.

Control or dependence is demonstrated by selection of governing authority and financial interdependency. The significant factors for excluding the Library System as a component unit of the County of Cumberland and the seven (7) member libraries as component units of the Library System are the lack of control or dependency in each case.

Basis of Presentation

The Library System accounts for the funds existing under its jurisdiction with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures. The Library System's resources are allocated to and accounted for in individual funds based on the purpose for which they are to be spent and the means by which spending activities are controlled. The funds of the Library System are as follows:

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Governmental Fund

Governmental Funds are those through which all governmental functions of the Library System are financed. The measurement focus is on determination of changes in financial resources, rather than on net income determination. The fund included in this category is:

General Operating Fund - The General Operating Fund is used to account for all financial transactions not accounted for in another fund. Revenues are primarily derived from state and county distributions. This is the only fund of the Library System.

Basis of Accounting

Government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the Library System. These statements are presented using the accrual basis of accounting.

Fund financial statements (i.e., the statement of governmental fund balance sheet and the statement of governmental fund revenues, expenditures, and changes in fund balances) are provided for the general fund of the Library System. These statements are presented using the modified accrual basis of accounting. Revenues are recognized when measurable and available and expenses are recognized when they are incurred. For this purpose, the County of Cumberland considers tax revenue to be available if collected within 75 days of the end of the calendar year. The Library System has extended the available period from 60 to 75 days to ensure that the reconciliation payment received from the County is included in the applicable fiscal year.

The governmental fund balance sheet includes an adjustment column that displays the difference between fund balance-total governmental funds and net position-governmental activities as reported in the government-wide statement of net position. These differences are detailed below.

	December 31, 2015
Fund balance, Governmental Funds	\$ 3,320,779
Capital assets used in governmental activities are not current financial resources and therefore are not reported in the general fund. The \$ 1,833,021 represents the entire book value of the Library System's governmental capital assets less \$ 737,087 of accumulated depreciation.	1,095,934
Taxes receivable are not available soon enough to pay for the current period's expenditures, and therefore are not recorded in the fund financial statements.	38,099
Long-term liabilities are not due and payable in the current period, and therefore are not reported as a liability in the fund financial statements, but are included in the governmental activities of the Statement of Net Position. Long-term liabilities consist of:	
Capital lease payable	(680,227)
Compensated absences	(61,763)
	(741,990)
Net position, Governmental Activities	\$ 3,712,822

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The governmental fund statement of revenues, expenditures, and changes in fund balance includes an adjustment column that displays the difference between net changes in fund balance - total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. These differences are detailed below.

	Year Ended December 31, 2015
Change in fund balance, Governmental Funds	\$ (174,914)
<p>Capital outlays are reported in the general fund as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as "depreciation expense". The details of this difference are as follows:</p>	
Capital asset purchases	48,549
Depreciation expense	(127,932)
	(79,383)
Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned.	(14)
Repayment of note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.	29,763
Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This is the difference between the amount incurred and the amount paid of:	
Compensated absences	(1,486)
	(1,486)
Change in net position, Governmental Activities	\$ (226,034)

Budgets

Prior to the beginning of each fiscal year, an annual budget is adopted for the General Fund on a modified accrual basis of accounting. Grant budgets are adopted when the grant agreement requires a budget.

Cash and Cash Equivalents and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments include any certificates of deposit with an original maturity date of greater than three months.

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Accounts Receivable

Accounts receivable are recognized when they are available and measurable. County grants are recorded in the year the revenue is designated by the County.

Capital Assets

These assets result from expenditures in the governmental funds that are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. The Library System maintains a capitalization threshold of \$ 1,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add value to the asset or materially extend the asset's life are expensed.

All reported capital assets are depreciated. Improvements are depreciated over the remaining useful lives of related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

	Governmental Activities
Leasehold Improvements	20 years
Exhaustible Collection	7 years
Property and Equipment	3-7 years

Accounts Payable

Accounts payable are recognized when they are incurred and will be paid from current financial resources. Operating expenses are recorded in the year they are incurred. The Library System's reimbursements are recorded in the year the Library System incurs the expense.

Tax Revenue

The Library System receives monthly payments from Cumberland County representing equal installments of estimated library tax receipts for the current year. An annual reconciliation is performed to equalize County library tax receipts with payments to the Library System. The result of this reconciliation is recorded as either a receivable or payable by the Library System (see related party transaction note). Cumberland County is responsible for the assessment, billing and collection of the library tax.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Compensated Absences

Liability for compensated absences is accounted for in accordance with the provisions of the GASB, which requires entities to accrue for employees' rights to receive compensation for vacation leave, or payments in lieu of accrued vacation or sick leave, as such benefits are earned and payment becomes probable.

Payments for vacation and sick pay are expensed as paid in the governmental fund financial statements.

Liabilities for unused vacation and sick pay are recorded in the government-wide financial statements, and are expensed as incurred.

Deferred Outflows and Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Library System does not have any items that qualify for reporting in this category.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Library System does not have any items that qualify for reporting in this category.

Net Position –Government-wide Financial Statements

In the government-wide financial statements, net position is classified in the following categories:

Net investment in capital assets – This component consists of capital assets, net of accumulated depreciation and reduced by the outstanding balance of bonds, mortgages, notes, accounts payable or other borrowings that are attributable to the acquisition, construction or improvement of those capital assets. If there are significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds is not included in the calculation of net investment in capital assets. Rather, a portion of that debt is included in the same net position component as the unspent proceeds. Deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction, or improvement of those assets or related debt are also included in this component of net position.

Restricted – This component of net position consists of restricted assets and deferred outflows of resources reduced by liabilities and deferred inflows of resources related to those assets. These restrictions could include constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Net Position – Government-wide Financial Statements (Continued)

Unrestricted – This component of net position is the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

Net Position Flow Assumption – Sometimes the government will fund outlays for a particular purpose from both restricted (e.g. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position, a flow assumption must be made about order in which the resources are considered to be applied. It is the government’s policy to consider restricted net position to have been depleted before unrestricted net position is applied.

Fund Balance – Governmental Fund Financial Statements

Governmental funds classify fund balance based on the relative strength of the spending constraints placed on the purpose for which resources can be used. The classifications are as follows:

Nonspendable: This classification includes amounts that cannot be spent because they are either (1) not in spendable form or (2) legally or contractually required to be maintained intact. This classification includes items such as prepaid amounts, inventories, and long term amount of loans and notes receivable. This also includes the corpus (or principal) of endowment funds.

Restricted: This classification includes amounts where the constraints placed on the use of resources are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or (2) imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the government to assess, levy, charge or mandate payment and includes a legally enforceable requirement on the use of these funds.

Committed: This classification includes amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Library System’s highest level of decision-making authority, the Library System Board. Once an amount is committed, it cannot be used for any other purpose unless changed by the same type of formal action used to initially constrain the funds.

Assigned: This classification includes spendable amounts that are reported in governmental funds, that are neither restricted nor committed, and amounts in the General Fund that are intended to be used for a specific purpose. The intent of an assigned fund balance should be expressed by either the Library System’s Board, or a subordinate high-level body, such as the Executive Director that is authorized to assign amounts to be used for specific purposes. As detailed in its Fund Balance Policy, the Library System has authorized the executive director to make assignments of fund balance. Thus these assignments can be made or changed without formal action by the Board. The assignment of fund balance cannot result in a negative unassigned fund balance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fund Balance – Governmental Fund Financial Statements

Unassigned: This classification represents the portion of spendable fund balance that has not been categorized as restricted, committed or assigned. A negative unassigned fund balance may occur in any fund when there is an over expenditure of restricted or committed fund balance. In this case, any assigned fund balance (and unassigned fund balance in the general fund) would be eliminated prior to reporting a negative unassigned fund balance.

Minimum Fund Balance Policy

The Library System strives to maintain a minimum unassigned fund balance of 14 days of the current average General Fund budgeted expenditures (including those amounts budgeted for member distributions) and a minimum committed fund balance of 90 days in the 90-day Contingency Fund. If the minimum unassigned fund balance of 14 days is not met, this will serve as an authorization “trigger” for the drawdown of the 90-day Contingency Fund.

Fund Balance Flow Assumption

Sometimes the Library System will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. The Library System’s policy is to use unassigned resources first, unless the Board has approved use of restricted, committed, or unassigned fund balances for certain defined expenditures meeting the classification criteria.

Operations and Concentrations

The Library System received approximately 98% of its total program and general revenues from the Commonwealth of Pennsylvania and Cumberland County for the year ended December 31, 2015. Any reductions in funding could have a significant impact on the Library System.

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS

Pennsylvania Statutes Title 16, Paragraph 1706 authorizes the Library System to invest in the following:

- United States Treasury bills.
- Short term obligations of the U.S. Government and Federal agencies.
- Insured savings and checking accounts and certificates of deposit in banks, savings and loan associations and credit unions.
- General obligations of the Federal Government, the Commonwealth of Pennsylvania or any state agency, or of any Pennsylvania political subdivision as long as the obligations are backed by the full faith and credit of the respective governmental entity.

Custodial credit risk is the risk that in the event of a bank failure, the Library System's deposits may not be returned to it. The Library System does not have a formal policy regarding custodial credit risk for deposits. However, the Library System requires all deposits in excess of FDIC insurance coverage to be collateralized by the depository institution with approved collateral as provided by law. At December 31, 2015, the Library System had deposit balances in the amount of \$ 3,381,623, of which \$ 451,845 was insured by FDIC and \$ 2,929,778 was collateralized under Act No. 72 of the 1971 Session of the Pennsylvania General Assembly. Under this law, financial institutions were granted the authority to secure deposits of public bodies by pledging a pool of assets, as defined in the Act, to cover all public funds deposited in excess of Federal Depository Insurance limits. The Library System is exposed to custodial credit risk because the collateral securities held by the bank's agents are not in the Library System's name.

NOTE 3 ACCOUNTS RECEIVABLE

Accounts receivable as of December 31, 2015 are as follows:

Cumberland County Library Tax - 2015	\$ 88,885
Member libraries	13,224
	<hr/>
Receivables - full accrual basis	102,109
Less revenues not received in 75 days	(38,099)
	<hr/>
Receivables - modified accrual basis	<u>\$ 64,010</u>

CUMBERLAND COUNTY LIBRARY SYSTEM

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 5 LONG-TERM LIABILITIES

The changes in long-term liabilities during the year ended December 31, 2015 were as follows:

	Beginning Balance	Increases	Decreases	Ending Balance	Current	Long-Term
Governmental activities						
Capital Lease Payable	\$ 709,990	\$ -	\$ (29,763)	\$ 680,227	\$ 30,717	\$ 649,510
Compensated Absences	60,277	72,552	(71,066)	61,763	33,666	28,097
Total	<u>\$ 770,267</u>	<u>\$ 72,552</u>	<u>\$ (100,829)</u>	<u>\$ 741,990</u>	<u>\$ 64,383</u>	<u>\$ 677,607</u>

Capital Lease Payable

On April 15, 2013, the Library System entered into an agreement with Cumberland County for the relocation of its main office. During 2012, Cumberland County agreed to renovate a building that would be occupied by both the County and the Library System. The Library System paid for a portion of the costs to renovate the building totaling \$ 228,167. The Library System's portion of the additional costs incurred by Cumberland County was \$ 1,035,401. This will be paid back over the next twenty years, starting on January 1, 2013, with annual payments of \$ 51,770. The capital lease is noninterest bearing; therefore a discount rate of 3.16% was imputed to determine the original capital lease principal balance and corresponding leasehold improvement of \$ 767,859. The lease is considered capital due to the fact the lease term is at least seventy-five percent of the asset's estimated economic life. The agreement states that either party may terminate the lease agreement at any time, with or without cause, after year 3, upon providing 24 months prior written notice to the other party. At this time, the possibility of cancellation is considered remote; therefore, the lease is capitalized. If this lease agreement was terminated, the Library system would not be liable for any remaining payments. If this were to occur, the remaining carrying value of the leasehold improvement asset and this capital lease would be written off and any difference would be recorded as gain or loss on disposal of asset at that time.

The future principal and interest payments, based on a discount rate of 3.16%, for the capital lease are as follows:

Fiscal Year	Principal	Interest	Total
2016	\$ 30,717	\$ 21,053	\$ 51,770
2017	31,702	20,068	51,770

CUMBERLAND COUNTY LIBRARY SYSTEM
Notes to Financial Statements
December 31, 2015

NOTE 5 LONG-TERM LIABILITIES (CONTINUED)

Compensated Absences

All Library System employees are employed by the County of Cumberland. The County pays all payroll and related items, which the Library System reimburses the County for the Library System's portion each month. In accordance with County of Cumberland policies, the Library System's full-time employees may accumulate unused vacation time, up to a maximum of 225 hours, payable upon termination. Until June 1997, full-time Library System employees could accumulate unused sick days up to a maximum of 260 days. Upon termination, employees were paid one-half of accumulated sick days not to exceed 45 days. During 1997, the County adopted a new sick leave policy. Accumulated balances as of June 30, 1997 were carried forward; however, any sick days earned after that date do not accumulate and unused days are paid at half the daily pay rate to employees near the end of the year. Employees may accumulate a maximum of 32 hours of compensatory time. All hours exceeding the 32 hour limit are paid at the appropriate rate.

The executive director, technical services coordinator, automation services coordinator, training services coordinator, and technical services librarian are exempt from compensatory time under the Fair Labor Standards Act. The County renders a monthly bill for wages, benefits and related expenses.

NOTE 6 FUND BALANCE

The Library System has the following committed fund balances which represent internal commitments for specific purposes on the use of a portion of fund balance.

Strategic Development

The purpose is to yield income for the Library System's operating purposes or to strategically reinvest principal to 1) yield more funding, 2) produce new cost efficiencies, or 3) address critical deficiencies in library services. It is anticipated that these funds will be used to offset projected operating fund deficiencies. The amount is based upon five-year financial projections which are used to determine a "cost to maintain services" increase each year. This increase (from both state aid and county library tax sources) is based upon factors such as Pennsylvania Library Code requirements; federal cost of living indices, book and periodical cost indices, etc. However, in accordance with its agreement with the County Commissioners, any increase in state and county support is limited to a maximum of 5% per year.

If the Library System wants to go beyond the 5% cap, the need for the higher amount must be reviewed with the County Commissioners. Any income derived from the Strategic Development Fund may be budgeted for library system operating purposes as approved by the Library System Board.

CUMBERLAND COUNTY LIBRARY SYSTEM

NOTE 6 FUND BALANCE (CONTINUED)

90-Day Contingency

The purpose is to have funds available to replace unexpected shortfalls in budgeted income or to meet unexpected, yet necessary, expenditures. In the past, funding received from outside sources has been delayed, which results in the unassigned fund balance to fall below the minimum unassigned fund balance. The Library System approves the use of contingency funds to replace other funding that may be delayed to ensure that the administrative office and member libraries have sufficient funding to operate. Once the regular funding is received, the 90-Day Contingency Fund shall be replenished. The 90-Day Contingency is based on 90 days of average General Fund budgeted expenditures, including those amounts budgeted for member library distributions. Any income derived from the 90-Day Contingency may be budgeted for library system operating purposes as approved by the Library System Board.

Technology

The purpose is for future upgrade of the Library System's integrated server and software. The Library System maintains a long range technology replacement plan that is based on a five year life cycle for most computer equipment. Amounts placed in Technology are budgeted annually by the Library System Board and are based on the long term plans. Any income derived from the Technology may be budgeted for library system operating purposes as approved by the Library System Board.

NOTE 7 RELATED PARTY TRANSACTIONS

While the Library System is not considered a component unit of the County of Cumberland, the Library System employees are employed by Cumberland County. The County provides payroll and benefits services on behalf of Library System staff, which totaled \$ 834,489 for 2015, for which the Library System reimbursed the County. There is \$ 98,698 due to the County for payroll related expenditures at December 31, 2015.

All full time employees of the Library System are required to participate in the County of Cumberland Retirement Plan, a single employer defined benefit pension plan covered by County Pension Law, Act 96 of 1971, of the General Assembly of the Commonwealth of Pennsylvania, as amended (The Act). In addition, Library System employees working more than 1,000 hours per year are required to defer a minimum of 5% of their salary to fund the pension plan. The plan is included in the County of Cumberland financial statements and details of the plan and historical trend information is maintained by the County.

The Library System is part of the Cumberland County Postemployment Benefit Plan. It is a single-employer plan that covers health insurance benefits where County retirees and their beneficiaries may continue to participate in the County's health coverage. The County's health coverage is provided through an insurance company.

NOTE 8 RISK MANAGEMENT

The Library System is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County of Cumberland maintains commercial insurance coverage, including directors' and officers' liability, covering each of those risks of loss on behalf of the Library System. Management believes such coverage is sufficient to preclude any significant uninsured losses to the Library System. Settled claims have not exceeded this commercial coverage in any of the past 3 years.

NOTE 9 COMMITMENTS AND CONTINGENCIES

The Library System signed a contract in 2013 for software, services, hosting and all server related functions totaling \$ 554,144. Total costs incurred as of December 31, 2015 totaled \$ 198,590, leaving \$ 355,554 that will be paid over a seven year period as annual subscription fees.

During the normal course of performing its duties to the general public which it serves, the Library System is subject to potential lawsuits and complaints. At December 31, 2015, there were no claims that management feels would have a material effect on the Library System's financial position.

The Library System participates in numerous state and federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and review by the grantor agencies; therefore, any findings or adjustments by the grantor agencies could have an effect on the Library System.

NOTE 10 RESTATEMENT

A restatement was made for the Governmental Activities at December 31, 2015 to correct the balance of capital assets and to remove the OPEB liability due to the employment arrangement with Cumberland County. As a result, the beginning net position and change in net position amounts as of and for the year ended December 31, 2014 are as follows:

	Governmental Activities
Net Position, as originally stated - December 31, 2014	\$ 3,912,793
Restatement for capital assets	6,338
Restatement for OPEB	19,725
Net Position, as restated - December 31, 2014	<u>\$ 3,938,856</u>
Change in Net Position - 2014, as originally stated	\$ (187,636)
Restatement for capital assets	6,338
Restatement for OPEB	842
Change in Net Position - 2014, as restated	<u>\$ (180,456)</u>
