Guidelines for Enforcing Customer Behavior Policy

All staff of the Cumberland County Library System Headquarters and its member libraries [hereinafter known as “library staff members”] are authorized to enforce the Customer Behavior Policy.

Library staff members will approach library users with respect and discretion, delivering warnings as quietly, privately, and politely as possible, contingent upon circumstances.

All occurrences of suspicious or inappropriate behavior are documented using incident report forms and may be noted on library registration records.

Physical force should not be used by any library staff member to remove someone. If a person refuses to leave, law enforcement will be called.

Generally, Customer Behavior Policy violators will be reminded of the policy, given a warning (along with a copy of the policy), and then asked to leave if a behavior does not stop.

Serious or repeat behavior problems may result in immediate banning without warning. Those who are asked to leave will be banned within the framework of the Cumberland County Library System Progressive Discipline Guidelines.

Call 911

Library staff members will call 911 without hesitation in any circumstance that poses an immediate danger to health or safety or that may involve a willful violation of federal or state laws or local ordinances. Library staff members will use discretion in calling law enforcement, reserving the use of 911 for emergencies and using non-emergency numbers when appropriate.
Banning Customers from Library Use

Library users who violate the regulations are subject to banning. Any library staff member may ban someone from the library for the remainder of a day. Banning library users for a greater length of time is handled by the Person-in-Charge. Repeat violations will be handled in consultation with the Person-in-Charge or the Library Director.

Notice of banning beyond the remainder of the day will be sent by the Library Director by certified mail to the person’s last known address. It shall include a copy of the Customer Behavior Policy, identify which sections were violated, and list the amount of time the individual is banned and if any specific services are banned from use at all system-affiliated libraries.

Banning Minors

For minors (age 17 or younger) parents or legal guardians will be notified of the minor’s banning from the library or when the minor causes law enforcement to be contacted. The library may stipulate that a minor child can use the library when accompanied by a parent or guardian during the child’s banned period.

Appeals by Customers

Appeal of progressive disciplinary actions may be made, in writing, to the library within 30 days. The library shall make every effort to respond in a reasonable time, not lasting more than 30 days.

This policy is subject to change at any time without notice. Updates to the policy may be obtained from the Library System.
