

# SmartAlec Printing from an iOS Device

## Getting Started

1. Register on our website: <https://smartalec.smartalecprint.com/smartalec?ID=CumberlandCountyPA>
2. Download the SmartAlec app from the Apple App Store.
3. Launch the app and log in with your library card number and PIN.
4. Accept the Usage Policy
5. Close the app and navigate to the item you wish to print.

## Printing from an iOS Device

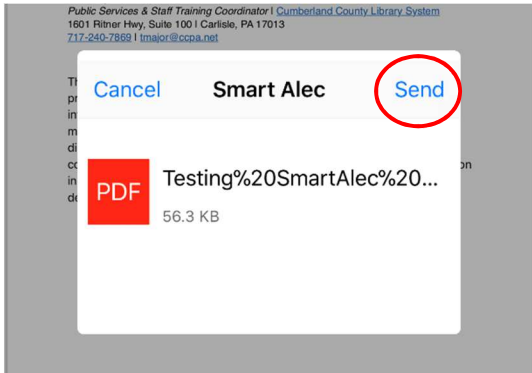

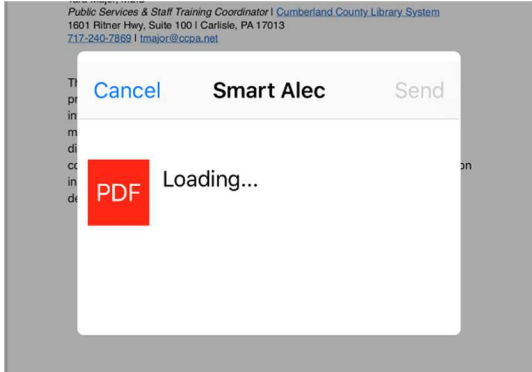

1. To find the print option, tap the device's share icon —  or .
2. Tap  or Print. If you can't find the print option, check your devices user manual or the instructions for the app.
3. Ignore the "Select Printer" option and instead, zoom in on the document preview:

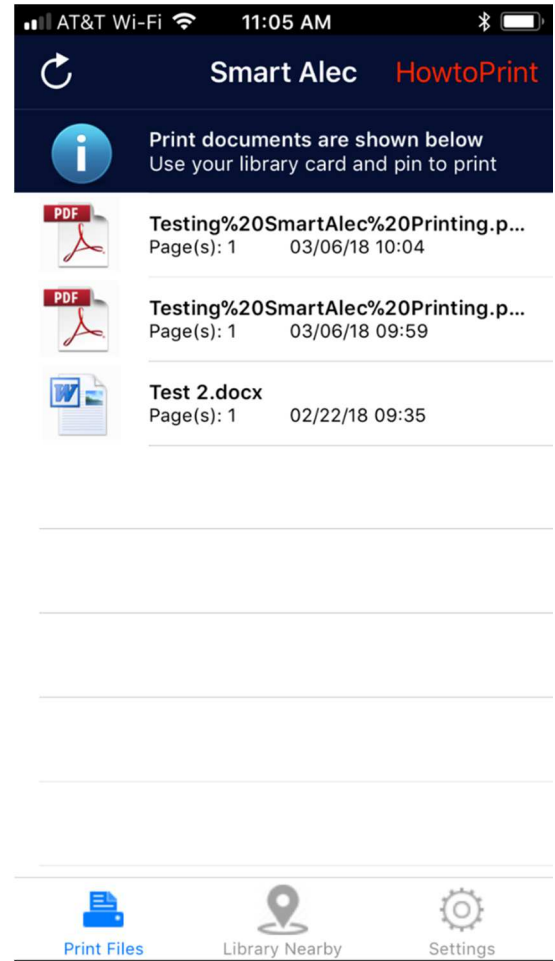

4. Once zoomed in, tap the share icon and find the SmartAlec icon within the list of options. If you don't see the SmartAlec icon, tap ... (More) to enable SmartAlec.

- The document will load. When loading is complete, tap Send and the document will be sent to the SmartAlec server.

- To see a list of your documents, open the SmartAlec app. To delete a document, swipe left on a document and tap Delete.

- Visit any library in the Cumberland County Library System to pick up your prints.
  - Prints will expire 7 days after they are uploaded.
  - Prints are \$0.25 per page.
